Welcome to a whole new year full of promise, hope and new beginnings. Now is the time to look back at last year and make some life changes if needed. Put a plan in motion and make it happen, It doesn't have to be anything huge small changes can lead to big changes.

Promise yourself that you will get out and live life, grasp it with both hands and make 2020 YOUR year. I believe that if you think positively then positive things will happen. Magazine wise I am looking forward with positivity to another great year. I have much that I would like to achieve and many projects that I would like to get started on – YOU can help me!

If you have an idea or a story that you think would be a good fit for this magazine give me a call or shoot me an email. I am always on the lookout for content contributors it is a good way to get your name out there and garner a little publicity for yourself.

If you are a business – no matter how big or small, consider taking out some paid advertising this year, let's help each other and you will find that we all benefit!

Is there something that you would like to see in the magazine that currently isn't included - let me know, I am all ears. On a final note – this publication belongs to the community. It provides a voice to many organisations that may not always be heard – so tell us YOUR story.

Cheers,  
Kim Parnell

# BACK BY POPULAR DEMAND

**Marina Prior and David Hobson** reunite once again for a limited time - by popular demand in their hit show 'The 2 of Us'. This is your opportunity to get up close and personal with the stars themselves. The duo will perform songs from Evita, The Phantom of the Opera, Cat's and Les Miserables as well as many other classics that we all know and love.

I was absolutely thrilled to have a chat with Marina and David a few weeks ago. Both were in Melbourne at the time but in different parts, which made the interview very interesting. To be honest I found it hard not to gush as I am a huge fan of the duo - Kim Parnell

Here goes...

**David, I last spoke to you in April of 2018, how have you been, has anything exciting happened during this time?**

**David** - Well I am in the middle of arranging music while we speak...life has been very busy with the children and Marina (laughs), and of course concerts and recordings.

**Marina** - We had a great time last time we were performing at the Brolga Theatre it was gorgeous. This time around we will be recreating what we did but also adding in some new material and songs.

**Tell us a little about your relationship with each other?**

**Marina** - We have now performed over 130 times together and absolutely love it; we find that we are uplifted together. There is true joy and emotion on the stage. We also take what we do very seriously but don't take ourselves too seriously.

**How do you both look after your voices?**

**Marina** - I sing carefully and have a strict technique. I also sing material that I know won't damage my vocal cords, it also helps to do vocal exercises before each show. I love the discipline of doing eight shows a week when doing theatre - as Artistic Athletes, we know that you have to be quite fit and disciplined to do what we do.

**David** - Your body constantly adapts as you change and age, your voice is a muscle in that body, and you have to take

care of it. We are carefree but mindful of technique. Hydration plays a big part as well.

**What is it about Musical Theatre that draws you back each time?**

**Marina** - I am passionate about acting and characterisation. It is completely different from concert performing as with musical theatre you work as a team with the other performers, whereas in concert it is about you...or in this instance the 2 of Us. I love the energy and the discipline that acting brings also there is a certain magic when stepping into a different character's shoes.

**Have you had any backstage moments that you can share?**

**Marina** - Well, we are certainly not immune to mishaps. We have had many backstage and onstage moments consisting of everything - from costume malfunctions, to set mishaps, to yelling backstage - that is usually from David when he is watching the footy and a team scores... if it is not in his favour you may hear lots of expletives that are picked up by my mic (laughs).

**What would I find in your dressing room?**

**Marina** - All you would find is me, my makeup and my costumes. Although I may enjoy a nice glass of Rosé after the performance.

**David** - We are down to earth kind of people, not a huge band like the Rolling Stones (laughs).

**What would you like to tell the people of the Fraser Coast?**

**Marina** - Those that came to our show in 2018 will be back to see us again. Those that have never seen us but make it this time will be annoyed that they didn't come the first time.

**David** - There will be a few laughs along the way and a lot of improvisation - make sure you get a ticket and come to see us.

# GET YOUR JOGGERS ON

Written by Kim Parnell  
As told by Tracey Messer

**Last year we introduced a Marathon to the Bay Break Multi Sports Festival.**

**The Marathon was very well received which was wonderful. We had the race capped at eighty but still had people trying to register well after we had hit our quota.**

**The track is mostly flat and fast and gives you the opportunity to run on the iconic Urangan Pier.**

**Competitors came from all over Australia to take part and many stayed in our region for the entire weekend of competition.**

**Bay Break is also affiliated with Triathlon Queensland, one of the many benefits is that this helps with the Insurance for all the Athletes.**

**Events include:**

## **SATURDAY**

**Full Marathon - 42km**

**½ Marathon - 21km**

**Relay - 42km and**

**21km - team of 3**

**Run - 10km**

**Run - 5km**

**Junior Run - 2km**

**Community Lifestyle**

**Agency All Abilities**

**Run/Walk - 2km**

## **SUNDAY**

**Triathlon - events for all ages.**

**Sprint**

**Enticer**

**Kids and All Abilities**

Everybody that registers this year will receive a Bay Break visor and a finishing medal. This year, participants running the marathon and ½ marathon will receive a finisher shirt, visor, towel and medal. Bay Break merchandise – shirts, singlets, towels and visors can be ordered online for those wanting to take home a souvenir. We have also introduced tier pricing to make the event affordable so as the whole family can participate.

Sponsors play an important part in this community event. Without them we would not be able to continue running this event each year. We offer varying levels of sponsorship from Diamond sponsorship, which is \$5000 per year for 3 years, through to bronze sponsorship at \$200. We are always looking for local businesses considering sponsoring our great event.

Our current Diamond Sponsors are Fraser Coast Regional Council, Kingston Hervey Bay, CLA – Community Lifestyle Agency and Bayswater Bar & Grill they are all great supporters of this community 'all inclusive' festival.

Volunteers are just as important as our sponsors - we simply could not run the event without them. Some of the important volunteer roles are manning road closures and water stations - If there are any groups or organisations out there that might be interested let's see how we can help each other. Keep an eye on our Facebook page for ways to volunteer at our event.

A percentage of money also goes back into the community to a variety of charities or groups in need. In the past we have supported The Hervey Bay Special School and the Maryborough Special School.

We believe that the Bay Break experience speaks for itself. It is an all-inclusive event and is about fun in the sun in the form of exercising, while you enjoy our wonderful weather. As mentioned earlier this event is a drawcard that sees competitors coming from around Australia and staying for the weekend, not only for the event but enjoying what Hervey Bay has to offer.

A final note from Vice President and Diamond Sponsor - Kingston Hervey Bay

As a Diamond Sponsor for Bay Break we are committed for three years to this great event. Kingston proudly have the naming rights to the Marathon. We get behind it because it promotes the Fraser Coast region, a beautiful place to live. We are in the land development business and this event promotes an area to live and enjoy and holds true to our motto 'Love Where you Live'. We choose to put our money back into the community by promoting and encouraging an active lifestyle.

**Registrations are now open  
you can register by going online to [www.herveybaybreak.com.au](http://www.herveybaybreak.com.au)**

# COMING UP IN *March!*

## Live show

**The Sapphires**  
**March 17**  
**Brolga Theatre & Convention Centre**

The Sapphires is a multiple award-winning musical play and film that is coming to the Brolga Theatre & Convention Centre stage... for the first time.

Four young Aboriginal women from regional Australia, who like singing country music, suddenly get the chance to change their tune and their lives. Wearing sequins, armed only with microphones they find themselves trying to spread joy in the hell that is the Vietnam War. The Sapphires is a funny, heart-warming tale inspired by the true story of four Yorta Yorta Women, who sing classic soul hits against the backdrop of personal change and massive social upheaval. It is an energetic, fun and engaging play that affirms life and the realisation of dreams.

The teams challenging for bragging rights this year will be Active Agents, Bob Jane T-Marts Hervey Bay, Trade Tools and Ezibuilt Steel Homes.

The competition will run over seven weeks, with two games each Friday evening, played under lights starting at 6pm.

The T10 format is relatively new to cricket. It's fast-paced – 10 overs, 90 minutes, takes half the time and is double the action of a T20. To even the playing field, Hervey Bay Cricket Association has decided to tweak the traditional rules of cricket to ensure that all players bat for two overs and bowl one over. We're expecting lots of big swings and just as many big misses!

The canteen and bar will be open each night of the competition, with lots of food and drinks (alcoholic and non-alcoholic) available. Hervey Bay Cricket Association would love to see families come along. T10 is a colourful, entertaining way to watch cricket for those who usually find the longer formats a bit boring.

The first round of the competition on 7 February 2020 will double as a Pink Stumps event, raising money for the McGrath Foundation. Please show your support for this worthy cause by giving generously and getting your pink on.

**Underrated but Educated: The musings of Emily Jackson and Phoebe Tweddle and their experiences through the perilous journey of growing up.**

**Body Positivity is the New Black**

A movement with the word 'positivity' right there in the name seems... good, right? Heck, when the term, 'body positive' was born, I thought it was on par with YOLO. You only live once – dream big, don't look back! Unfortunately, others elected YOLO as nothing more than their tacky Instagram caption, doomed to be paired with hash tags like #thuglife. Before long, using the term YOLO became about as shameful as admitting to peeing in the shower. Like YOLO, I fear there are a few who have grown to abuse the term 'body positive'.

I don't think there's a woman alive who hasn't experienced some form of body image issue at some point in her life. Some of my earliest memories are tainted with issues of body image, which is why the introduction of body positivity was marvelous to me at first thought. Finally a term to encompass all body types and actually celebrate each and every one of them!

But as body positivity settled into its newfound stardom, it also found itself settling into a few ill fitting connotations. This term, body positivity, has (by some of its users) become a term to empower women with bodies who are less widely celebrated in today's society, by putting down bodies that are. Women who've been ashamed of their bodies, who've seen little to no representation of their body types in the media, are feeling invigorated, like they've finally got a movement to stand behind proudly – believe me, I'm one of them.

But this method: the condemnation of other bodies so that we may feel better about ours, is not the answer!

Body positivity should not be about devising a new hierarchy of body types, it should be about demolishing this hierarchy altogether. Body positivity should be the movement that allows us to abandon all comparison, the movement that shows us that there is no superior body when it comes to something as insignificant (and not to mention extremely subjective) as appearance.

Lets make body positivity the movement that frees all women, not the one that simply allows us to oppress a different group of us.

# The Crowded House

# AND SPLIT ENZ EXPERIENCE

No band ever truly ends. By the end of 1984, Split Enz had come to some kind of end. And in the start of 1985, Crowded House had in some way begun. The Crowded House & Split Enz Experience is a live show that celebrates the timeless music of Crowded House and Split Enz. A two-hour experience incorporating the biggest and best loved hits of the two groups, delivered on stage with the kind of visual splendour and good natured humour you'd expect from the Finn brothers and their bandmates. The Crowded House and Split Enz Experience is currently touring Australia, keeping the music of Crowded House and Split Enz alive... because no band ever truly ends.

"Hey, you got an hour? Look, I've been doing a shit-ton of thinking about...us, and where we're headed. This isn't easy, but I need to be 100% honest with you, even if what I say makes you laugh, very, very hard.

# What's on at the Hervey Bay PCYC this month?

## Fraser Coast Sports Expo

With obesity and a lack of physical activity on the rise, we are always looking for ways to encourage more movement and healthy lifestyle choices in both children and adults. The annual Fraser Coast Sports Expo is a great way to find out more about what the region has to offer in terms of sports, recreation and physical activity.

This year, PCYC Hervey Bay has taken over the organising of the event from the Fraser Coast Regional Council, and have set the date as Saturday, February 22. The event will run from 9am – 12pm at the PCYC premises at 9 O'Rourke St in Pialba.

You could win a \$1000 voucher from Sport First just by attending, and best of all, this is a free event. Browse the sporting organisation stalls, chat to coaches and club representatives about what is involved and learn more about some of the lesser known sports as well! Check in for your free health check, chat to physiotherapists and allied health professionals about the importance of self-care, and perhaps grab some discounted activewear while you're at it!

It is free to host a stall at the Fraser Coast Sports Expo, so if you are wanting to attract more members to your sporting club and would like a stall shoot us an email.

## The Clever Cookie

There is something special about making or growing something yourself, and there are so many talented people on the Fraser Coast, that PCYC Hervey Bay wanted to show support to local clever cookies and showcase your wares! This is how the concept of the Clever Cookie

– handmade and homegrown market was born.

The inaugural market will be held on Saturday, February 8 from 8am – 2pm at the PCYC grounds, at 9 O'Rourke St in Pialba. This will be a great opportunity to support our locals and grab your fresh produce, homemade goodies and crafts in the one location.

People visiting the markets will be asked to donate a gold coin upon entry, all proceeds from the market will be donated to Givit, a fantastic organisation to assist those affected by bushfires.

**If you would like to book a stall, or to know more about either of these events contact event organiser Tammy Sloan or any of the wonderful PCYC Hervey Bay staff by calling 07) 4124 5211 or email [tammy.sloan@pcyc.org.au](mailto:tammy.sloan@pcyc.org.au).**

It's all about LOVE on  
**Valentine's Day**  
 February 14

Written by: Kim Parnell

Valentine's Day is the day of love. If it is your first you may feel butterflies in your tummy, and weak at the knees. For others that have been together for a little longer, you might have to dig a little deeper to rekindle those feelings that you thought had long gone but are usually just shoved to the background with everyday life. But whatever your situation - it is a day to pause, put down the mobile phone, turn off the television and spend much needed time together.

Valentine's Day is one of the most romantic days of the year. But it doesn't need to cost a fortune. Here are a few ideas to turn that spark into a firework.

- ♥ If your partner works away send a care package to them with things that are red.
- ♥ Write a poem for the one you love and frame it.
- ♥ Go on a romantic sunset boat cruise.
- ♥ Enjoy a nice scenic flight to Fraser Island, have dinner by candlelight and stay overnight.

- ♥ Take your partner to a place that you both enjoyed when you first laid eyes on each other. Think about how you felt.
- ♥ Write down 10 things you love about each other and read them out.
- ♥ Give your partner a dozen roses then attach a note to each stem. The notes could either be love notes, or notes asking for other dates.

**For the Family**

Order food from a takeaway and have a picnic on the rug in the lounge room. Share the night with those that mean the most to you.

Think of someone who may be lonely on Valentine's Day, then think of ways that you can include them in your day.

Organise a Scavenger Hunt. Make and hide all of the clues, tape a small chocolate to each clue. The kids will love this game of love.

## WITH LEAH

### "The Bond Soiree -a deconstructed catwalk event"

It's quite possible that you haven't yet heard of my little side-hustle 'Lioness Runway'. A fashion show arena where I strive to vivify deconstructed catwalk events across the Fraser Coast, showcasing local designers, boutiques, models and entertainers. These events are a modern take on a traditional fashion parade, whereby guests attending these shows wine and dine whilst being immersed in a swanky fashion show. Everyone gets a front-row experience and hence the closest visual encounter possible with the delicious fashion labels and designers being showcased. The shows are all centred around immersion and interaction, with no formal catwalk, instead the normal venue layout becomes the 'deconstructed catwalk'. My vision for these shows is to bring a fashion culture to the Fraser Coast, providing a platform for designers, models and entertainers to shine brightly in the public arena. To support local small businesses like photographers, videographers, makeup artists, hairdressers, caterers, and venues and in general highlight the visual arts and creatives arena in our wonderful community.

**My last show 'Spring Fashion Brunch' held at the beautiful Coast Restaurant in Hervey Bay, showcased some fabulous swim and resortwear designers with over 60 high-energy guests attending the show! It still blows my mind that anyone came at all, let alone 60 of you wonderful humans! Guests attending enjoyed beautiful food and mimosas, and a vibrant spring fashion feast for the senses (without even leaving their chairs, except for wee wee breaks!)**

Here is some feedback from a delightful lady who came to this show..." Hi Leah. I just wanted to personally say thank you for a really fun filled, beautiful day on Sunday. It had been a long time since I had ever been to a fashion afternoon, possibly because of being a 'curvy' woman, and it's sometimes hard to feel like you belong at events like you held. I didn't realise how much I was missing out because of my size. You completely changed that for me. I had a really wonderful time and met some other beautiful women, and it was the gentle reminder to know that everyone is beautiful. So, thank you so much for giving me that boost"

Highlighting positive body/soul image to both males and females through these shows is something that makes the heart swell, especially when beautiful women send in letters like this one. My next show 'The Bond Soiree' is set to inspire three of life's great loves - a fine culinary grazing experience alongside decadent architecture with wonderful fashion and style.

This April, the historically beautiful location of Maryborough, will bring to life a luxe deconstructed catwalk event. A soiree style fashion show, The Bond Store in Maryborough will present a fashion feast for the soul. The core of the Bond Store dates back to 1864 and still retains the original floors, handmade bricks and barrel rails. Combine this rich history with a modern deconstructed catwalk in the basement of the Bond Store, throw in a few roving entertainers and we're set for a wonderfully luxe-creatives fashion show!

Book your fella in ladies, this will be one they'll enjoy too. Feel free to book tickets through this link: [www.trybooking.com/BHEWV](http://www.trybooking.com/BHEWV) I look forward to enjoying the night with you then!

# Practise and Race with Others

Come and check out Hervey Bay's only radio control racing car club. We race 1/10 scale on road and off road electric powered vehicles. Our tracks are located on the corner of Tavistock St and Boundary Rd, we share our space with the motorcycle training school.

On road race vehicles are 1/10 touring cars and 1/14 TT - 01 trucks, Off road we race 1/10 2wd buggies and 2wd short course trucks but if you have any electric powered RC car you are welcome to come and race with us, for newcomers your first race is free. We race approximately once a fortnight but have a calendar with all our race dates and times on our Facebook page.

Though many people enjoy simply running their cars by themselves up the street or in the yard, it can be made infinitely more fun by practicing and racing with others. Racing against your mates, your on-track arch nemesis or just trying to improve your lap times and consistency can bring you years of enjoyment, excitement and crushing defeats. Some of our local racers are ex motocross and car racers who still want the thrill of racing without the costs and dangers associated with it. Get your kids off the technology and into the real RC world and they will challenge their parents in no time.

Classed by many as grass roots motorsport where diffs, springs, oils, sway bars, tyres and gearing all affect the handling of your RC car, many early RC racers have even used the skills they learned in RC to apply to their own full sized cars and race cars. 1/10 electric RC cars are generally considered better for beginners. They are cleaner, quieter, simpler and less expensive to buy than larger 1/8 or 1/5 electric or nitro cars. There is great value to be had in RTR or ready to run vehicles or you can buy build-it yourself kits and supply all the individual parts you desire. The durability, reliability, quality, sheer speed and price compared to just a few years ago is amazing.

For further information or to see our full calendar of events find us on Facebook at Fraser Coast Radio Controlled Car Club.

# GROW

Artist - LeeLee West

'Grow' is a solo exhibition by Fraser Coast artist and designer, LeeLee West (LeeLee Creative). 'Grow' will be shown at Gatakers Artspace in Maryborough alongside the group exhibition 'Diverse Four' by Hilary Latta, Claire Dexter, Fionie Williams and Sandra Boles.

**Exhibition Details:** [Gatakers Artspace Maryborough, 311 Kent St](#)  
**Opening Night:** [Friday, 14th February, 6pm](#)  
**Exhibition Duration:** [5 Feb - 1 March](#)  
**Instagram:** [@findingleelee](#)

## About LeeLee's Exhibition, 'Grow'

'Grow' is a collection of emotive mixed media original artworks including charcoal, acrylic, drawing ink and illustration prints. The theme is personal growth and hopefulness and the work expresses LeeLee's learning, healing, stumbles and personal triumphs in life over the last few years.

The title 'Grow' was chosen as it's a doing word; growth in humans is constant and we are in a continuous cycle of learning and growth through all of our own personal challenges and victories as each chapter unfolds. It's good to remember we aren't alone in our journey and many around us have lit the way forwards, up and out of tougher times.

"I hope that by exhibiting this work I can inspire others including young emerging artists to use artistic expression to embrace the shifting tides within their creative minds, process life's challenges and feel comfortable finding their voice and using their arts practice to deepen their self-awareness."

## More About LeeLee

"You never know how regional community connections or a childhood friendship may impact your life decades later and I am proof of that. I grew up on the Fraser Coast from the age of five and after graduating at Hervey Bay High School I attended a Diploma of Visual Arts at TAFE. This then led to a traineeship at the Hervey Bay Regional Gallery, which then led to a junior graphic design position at McTaggart's Printers mentored by Helen and Andrew McTaggart for five years. These were crucial first steps in a creative career and without these local connections as well as many other mentors and supporters, I wouldn't have become a self-employed creative years later. I'm an artist at heart and my business 'LeeLee Creative' was created in 2016 upon returning to the Fraser Coast after five years working as a senior designer in Noosa with mentor and friend Synda Turnbull. Returning home to the Fraser Coast turned out to be one of the best things that I ever did, you can't beat your Mum's cooking when you're up the proverbial creek without a paddle and it's been an awesome four years thanks to all the love and support around. The exhibition contains snippets of the soul-searching that's been happening since I came home.

I'm a self-employed artist, illustrator and graphic designer and I collaborate with local and interstate clients on graphic design projects, illustration, art direction, web styling and digital marketing. I'm also grateful to have the stability of working remotely in a part-time art director/senior designer role with the team at WOOF Media, a South Australian based company that specialises in regional tourism marketing. I have been drawing and painting since the age of five and enjoy bringing creative flair and warmth into corporate design projects. I have been mentored by wonderful professionals and friends for the last 14 years both locally and interstate and continue to receive support and encouragement, something I'm incredibly grateful for.

'Grow' the exhibition is a mixture of both mindsets; the chaotic artist and the analytical detail-driven designer. It's been an interesting journey integrating the two parts for a while now, I'll always be working on it (and having a lot of fun in the process!) and I hope that even a small part of that process can inspire others."

## Fraser Island

### Places to stay

There are a range of accommodation options at Fraser from camping to Resort style accommodation. For those that prefer to camp, you will require a permit and they must be purchased before you set up camp. They must be purchased online or at permit issuing agents but cannot be purchased from Rangers on the island. There are currently 45 camping area options with camping areas with dingo deterrent fences recommended for families with children 14 years and under.

There are also a range of houses available for rent on the island both privately or through booking agents at Hervey Bay or Fraser house booking agents. A quick google search will find them. Think about where you want to stay and what you want to see before booking.

For example, Orchid Beach has a range of holiday homes for rent and it is a lovely area with magnificent views, but it has some down sides. It is a long way from attractions such as Eli Creek, Central Station, Lake Wabby and more and the track there is slow going across numerous boarded wooden tracks in the sand. Also, in Tailor season if the fish haven't arrived that far north yet, it is an hour or so drive back south of Indian Head to the main beach.

In terms of the main beach there are a few other accommodation options. This includes Cathedrals on Fraser, Fraser Retreat, Eurong Resort, Sailfish on Fraser, Fraser Island Beach Houses and Yidney Rocks Beachfront units.

Eurong Beach Resort has been home away from home for my family and plenty of "boys trips" due to its central location on the island for good fishing, fully fenced area from the dingos as well as plenty to do (pool, tennis, grassy areas) as well as the ability to either do your own cooking, or eat out at McKenzie's restaurant or bakery. Even if you don't stay here, the bakery and restaurant are a great place to stop for lunch or a cold drink or two when out driving.

Finally, on the western side of the island, Kingfisher Bay Resort has the advantage that the ferry lands right on your doorstep. What's more it has some great fishing options off the jetty and the beach flats.

### Having a plan

While Fraser Island is renowned as a top class beach fishing destination, and Fraser's western flats can also offer some brilliant fishing, you still need a plan to maximise your chances of success.

Once you decide on your trip date, you can then plan where and when to fish. The following table gives an indication of the best fishing times and tides for a key of Fraser's fish.

**BEST TIME OF DAY/TIDE TO TARGET POPULAR FISH**

FISH SPECIES	TIME OF DAY	TIDE
Tailor	Dawn and dusk	Either depends on gutter.
Mulloway	Night	Change of tide.
Whiting – eastern beach	Any	1.5hrs before to 1.5hrs after low tide
Whiting – western beach	Any	Either, best outside change of tide period.
Flathead	Day	Last 2 hrs of falling tide.
Bream – eastern beach	Dawn and dusk	Either depends on gutter.
Bream – western beach	Dawn and dusk	Rising tide.
Dart	Any	Either depends on gutter.

In future editions, Skip will go into more detail on how to target specific target species on Fraser, flats and beach fishing techniques, and much much more.
